

Our Story

As a long time salon customer, first in my home town of New York City and then in my adopted home of Orange County, I imagined my ideal beauty salon experience. I pictured a place where the stylists were interested in my goals and didn't dictate what I wanted or needed. I envisioned a salon where the staff tried out all the latest products and techniques and made dependable, insightful recommendations. A fresh cappuccino, a diet soda, and the latest magazines would be nice too. A few years ago I decided that other people might want the same thing so I gave up a lucrative consulting career and pursued my dream. I spent the next few years training in cosmetology, scouting for talented, service oriented stylists and creating my salon. The result is Beauty Heaven - it is my idea of Heaven and I hope it will be yours.

About Cari Sluder, Creative Director

Cari has spent the last 12 years working with clients in the Orange County area as a top hair stylist and colorist. She is also one of the most experienced extension artists in California having received her certification with Great Lengths in 2000. Her work has been seen on ABC's The Swan as well as countless heads in Los Angeles and Orange County (but she'll never tell). As Creative Director Cari oversees extension and color training and ensures quality control, setting and monitoring standards for every one of our stylists. Cari's talent, commitment to excellence and dedication to customer service helped inspire the creation of Beauty Heaven and she continues to be a source of motivation to those around her.
